JAMES WYNNE

SENIOR TECHNICAL WRITER | DOCUMENTATION AUTOMATION

Turin, Italy | +39 351 5316723 | james_wynne@hotmail.com

PROFESSIONAL PROFILE

Accomplished Senior Technical Writer, DTP Specialist, and Documentation Architect with over two decades of international experience across healthcare, cybersecurity, data center infrastructure, and tier-1 investment banking. Expert in transforming highly complex technical concepts into clear, structured, and regulatory-compliant documentation. Proven track record of automating editing workflows via bespoke VBA and Python tools, establishing Simplified Technical English (STE) standards, and managing cross-functional global documentation teams across Europe, Asia, and the US.

CORE EXPERTISE

Technical Writing & Editing
Docs-as-Code, structured authoring, regulatory compliance (ISO, GAMP 5, GxP, CAPA/RCA).

Tools & Authoring Software
MadCap Flare, InDesign, FrameMaker, MS Office Expert, Git, VS Code, Markdown, Adobe Creative Suite.

Workflow Automation & Scripting
Bespoke VBA macro development, Python (AI basics & scripting), automated QA proofing templates.

Linguistic Standards & Control
Simplified Technical English (STE/ITS), controlled vocabularies, terminology management, quality assurance.

RECENT WORK EXPERIENCE & CONSULTING

Senior Technical Writing Consultant | JW Consulting (Clients: Vertiv S.r.l. & Impala)

01/2025 – Present | Bologna, Italy / Hong Kong

- **Ralco S.r.l.:** Authored Technical documentation for high-precision X-ray collimators and beam-shaping components used in advanced medical imaging systems.
- **Vertiv S.r.l.:** Authored and managed structured documentation suites for critical data center power and cooling systems (PDU) utilizing MadCap Flare and Docs-as-Code workflows.
- **Impala:** Designed and formatted complex industrial appliance manual suites under rapid 3–4 day turnarounds, ensuring full compliance with IEC/IEEE 82079-1, ISO 20607, and ISO/AWI 21999 standards using Adobe InDesign. Developed modular automated proofing and editing templates with bilingual (EN/IT) controlled vocabularies to accelerate cross-team review cycles.

Senior Technical Writer / DTP Specialist | Cardioline – Diagnostic Cardiac Solutions

06/2024 – 01/2025 | Trento, Italy

- Produced comprehensive hardware and software documentation suites for mobile cardiology medical devices, including User Manuals, Quick Guides, and Marketing Brochures.
- Engineered dynamic Simplified Technical English (STE) and Italiano Tecnico Semplificato (ITS) dictionaries to standardize terminology across critical regulatory assets.
- Created automated document templates and formatting macros to ensure rigorous formatting precision and speed up release timelines.

Senior Technical Writer / Documentation QA Lead | ArisGlobal – Pharmacovigilance Platforms

05/2022 – 12/2023 | Italy / Global

- Authored, edited, and audited critical Root-Cause Analysis (RCA) and Corrective/Preventive Action (CAPA) compliance documents under GAMP 5 and GxP standards.
- Coordinated cross-functional engineering and QA teams across Chicago and Mysore, aligning complex multi-timezone review cycles.
- Engineered custom VBA macro suites to standardise syntax, fix recurrent linguistic flaws, and automate documentation QA, drastically cutting turnaround times.

Senior Technical Writer & Project Manager | Acronis – Cybersecurity Solutions

11/2021 – 04/2022 | Turin, Italy

- Led the compilation, structured authoring, and delivery of the flagship Acronis Advanced Automation documentation suite (500+ pages).
- Established unified corporate editorial standards by developing a customized, automated Simplified Technical English (STE) dictionary.

Contract Senior Technical Writer | Ascom UMS – Healthcare Tech

06/2021 – 09/2021 | Florence, Italy

- Authored end-user manuals and training documentation for an automated ICU patient monitoring system delivering real-time critical alerts to mobile devices.

SELECTED CAREER HISTORY & FINANCIAL SECTOR EXPERIENCE

- **Technical Writer / DTP Specialist / Team Lead — ION Trading** (Pisa, Italy) [2006 – 2013]: Promoted to Team Leader within 12 months; scaled documentation output by 78% over 5 years. Designed and automated Word & PowerPoint templates across technical, legal, and sales divisions. Built an automated corporate STE vocabulary and launched a custom markdown-driven client newsletter system.
- **Senior Technical Writer & DTP Consultant — Global Investment Banks** [2004 – 2021]: Clients / Employers include Houlihan Lokey, UBS, Barclays Capital, HSBC, Citigroup, Daiwa Capital, JP Morgan Cazenove, Banque PSA / Santander, Merck RBM. Authored high-stakes financial documentation, pitch decks, regulatory reports, and operational manuals across London and Milan financial centers.

QUALIFICATIONS & LANGUAGES

- **AI Foundations / Python Certification**, Udemy, 2026–ongoing.
- **Specialized TEFL/TESOL Certifications**, Bridge Education Group, 2018–2019.
- **Associate of Arts in Graphic Design**, University of Hartford, 2001.
- **Financial Planning Certification**, CII London, 1998.
- **Languages:** English: Native | Italian: Bilingual (Native Level).

PUBLICATIONS & CREDENTIALS
